

Your local HFC representative is:

hockeyfightscancer@cancer.ca

Join the hockey family to help fight cancer!

Hockey Fights Cancer™ was founded in 1998 by the NHL and the NHLPA to unite the hockey community in support of cancer patients and their families. The initiative gets an assist from the entire hockey family, including players, coaches, officials, corporate partners and fans. Together, the hockey community wants to inspire hope and courage for those who are living with and moving past cancer.

Funds raised will go a long way to assist Canadians living with cancer by providing a:

Road to treatment

Through our transportation program

Home away from home

At one of our community lodges as they undergo treatment

System of support

Through our network of cancer information services

Get involved in 3 easy steps!

1

Contact your local Canadian Cancer Society representative and register today!

2

Host a game and start fundraising. We'll equip you with all the online tools you'll need to succeed.

3

Share your story on social #HockeyFightsCancer

Donate, register, recruit or fundraise today!
