How to assemble your fortune teller

1. Cut along dotted line to remove instructions.
2. With white side of paper down, fold paper diagonally so that the corners match exactly. Crease fold. Unfold and diagonally fold the other way.
3. Open paper. With white side up, fold each corner to centre along pink lines to form a small square.
4. Turn square over. Fold each corner into the centre again. Crease.
5. Fold the square in half top to bottom so that the pockets face out. Crease and open. Repeat for the other side.

How to play your fortune teller
