## Volunteer with the Canadian Cancer Society

Volunteering with the Society is a great opportunity for you to make a positive impact in your community.

Our strongest asset is our dedicated volunteers. By offering the most meaningful opportunities for you to make the biggest difference as a volunteer, we're having more impact, against more cancers, in more communities, than any other cancer charity.

Volunteers are critical to our accomplishments and we wouldn't be able to support, inform and empower those touched by cancer without you.

We have many volunteer opportunities available, and different volunteer roles have different levels of commitment.

Join our team today and help make a difference in someone's life.
